ECOSYS PA6000x ECOSYS PA5500x ECOSYS PA5000x ECOSYS PA4500x

- Speedy A4 print to 60 pages ppm*.
- Support high print volume with paper capacity up to 2,600 sheets**.
- Remarkable print quality with Fine 1200 resolution.
- Convenient wireless LAN interface.
- Support Air Print and Mopria certified.
- Visually clear with 5 line LCD display and numeric key.

*ECOSYS PA6000x

**Main unit + Multi-Purpose Tray + Optional PF-3110 x 4

Evolution of ECOSYS

ECOLOGY - Providing energy-saving, silent design and compact design, realize top-class environment support in the industry.

ECOSYS PA6000x

- **ECONOMY** Providing lower CPP and longer life-time design, enhance TCO competitiveness.
- **SYSTEM** Provide reliable machines by assuring compatibility with the legacy machines / improvement of stable operation / adding the function of streamlining duties

KYOCERA Document Solutions strives to be a company that contributes to the society and demonstrates a "Customer First" principle by providing customers with maximum value to increase their satisfaction. By adhering to the mission of producing document management devices that take balance between "Economy" and "Ecology", KYOCERA Document Solutions succeeds to develop document management devices with advanced technologies which help customers to optimize office productivity and efficiency at a low total cost of ownership and, at the same time, improving environmental performance.

Advantages

High productivity and usability.

- Convenient Multi-Purpose Tray First Mode: Allow printing via Muli-Purpose Tray whenever paper is loaded there.
- Direct print from USB memory.
- 2-sided print as standard.
- Save cost by using less paper Print: Allow 4-in-1 to 25-in-1
- Support Job retention with RAM disk/SD card.

High Security.

Equipped with security functions to use at ease

- When using option (HD-17/18/19), data overwriting and encryption functions are installed as standard, greatly reducing the risk of data leakage.
- Supports Trusted Platform Module (TPM) for enhanced security. TPM is a hardware chip that encrypts and decrypts data. Data can be safely saved in the dedicated memory area of the chip.
- Wireless LAN security Supports encryption method ASE and authentication method WPA2.
- Security for output document Texts such as "Copying Prohibited", "Confidential", or other customized texts can be printed as "Watermark" or "Security Watermark", which appears when being copied to prevent accidental leakage of output documents.
- User Box Printing and IC Card Printing* can be used to prevent leaving confidential documents unattended.

*IC card printing is an option

Streamlining Daily Business Process.

By combining the innovative Business Application, this printer can manage document in an effective approach.

 KYOCERA MyPanel Remote control designated KYOCERA printing devices by smartphone or tablet.

KYOCERA Mobile Print Conveniently print files, web pages and images using smartphone or tablet.

 AirPrint Print Documents, photographs, images, etc. directly from iOS devices/Mac.

- KYOCERA Net Manager*
 Control sensitive documents and reduce printing costs.
- Mopria Print Service Simple and seamless way to connect and send documents and pictures from Android devices to a nearby printer.

Eco-friendly advantages

Long life design

Uses a long-life (amorphous silicon) drum. Contributes to resource conservation by reducing the frequency of consumable replacement and reducing the number of discarded parts throughout the life of the machine.

Use Eco-friendly Packaging

The packaging of the toner container is made of a piece of highly recyclable sheet. By folding and inserting it, it provides high cushioning and strength to its packing function.

Improved Sleep Mode Power Consumption

Equipped with the latest controller to reduce power consumption during sleep and contribute to energy saving.

Improved Quietness

By reviewing the cooling structure, quietness during machine operation has been further improved, allowing it to not interfere with the work in a quiet office. In addition, "Quiet mode" can provide an even more comfortable experience.

Energy-saving Mode

Controlling the fuser heater is a standard for Kyocera printers. Equipped with EcoFuser mode, Energy-saving mode, Sleep mode, and auto off mode. By using each mode, both a comfortable output environment and energy-saving can be achieved.
